

# MONITOR ARMS

ESI offers a full line of monitor arm solutions to fit the ever-changing needs of virtually any workspace and any user. Adjustable monitor arms give users the ability to control the angle, distance and height of the monitor for optimum viewing.

## EVOLVE SERIES

### EDGE EVOLVE

#### VERSATILE POLE MOUNTED MONITOR ARM SYSTEM

As technology advances and monitors are becoming lighter and wider, challenges are created in workstation design. The EDGE Evolve allows the merger of form and function with one product that will easily adapt to the fluidly changing needs of today's workplace. Whether you have a shallow or deep worksurface, 1, 2, 3 or more monitors, the EDGE Evolve can adapt to fit your needs.

### EDGE EVOLVE SLIDER

The EDGE Evolve is a cost-effective solution for shallow work surfaces. With the stem and motion arm, there is no need for an extra limb.

EDGE Evolve's slider provides endless flexibility in configuring up to 6 displays.

## CONVERSION KITS

Conversion kits are available for existing EDGE Evolve solutions. Identify which EDGE Evolve solution is currently in place using the chart below. Next, identify which EDGE Evolve solution the user is trying to convert to. Using the X and Y axis, find the conversion kit needed to convert the existing EDGE Evolve solution.

For additional conversion kits, please visit our website at [esiergo.com](http://esiergo.com) or call Customer Service for more information.
