VESA Mount Adapter Kit

- Older versions of iMacs (2011 & older) can be converted with an adapter purchased from a third party vendor – usually under \$40
VESA mount adapter kit is not compatible with all Apple monitors. Call Apple with serial number and purchase date to verify if the monitor can accept the VESA mount adapter.
- Newer versions of iMacs must be purchased with or without a VESA Mount, and cannot be adapted after the purchase.
