Shipping

48 hour ship program
ESI offers 48 hour shipping on the majority of products. Unless otherwise requested, these products are shipped from Phoenix, Arizona, within two business days of receiving the PO, depending on quantity ordered and available inventory. Orders that include products with longer lead times including special orders, custom products, or worksurface orders, are designated as “LT” (lead time) and therefore not included in the 48 hour ship program. Large orders may also require additional lead time. Products designated as LT could take up to 90 days ARO for delivery. Call for on-hand availability.

Please note:

1. For the order to qualify for 48 hour shipping, all products on the PO must be available under the 48 hour ship program.
2. POs that include LT designated products will be shipped based on the lead time of the LT designated products unless otherwise requested.
3. 48 hour orders will be shipped out within two business days unless otherwise specified on the PO.

Freight terms
ESI ships orders by way of standard ground carrier service dock-to-dock within the contiguous 48 states. Special requests such as “call before delivery”, “delivery lift gate required”, residential delivery, re-routed deliveries, or specific delivery date/time requests may be subject to additional charges or may not be available. Contact our Customer Service Department for expedited delivery requests or deliveries outside of the contiguous 48 states.

Customers will be charged additional fees for changes made to orders that have already departed the facility, resulting in re delivery or re-consignment.

ESI accepts requests for expedited freight at the customer’s expense. Please contact our Customer Service Department at 800.833.3746 and provide your preferred carrier account number in which to charge the expedited freight.

Worksurfaces are not sold separately and must be purchased with a table base. Worksurfaces may be drop-shipped from a separate location and may arrive on a date different than the other items on the order.

Table bases- Freight is free for orders of five (5) or more table bases or table bases with worksurfaces. A $125 freight fee will be charged for orders of four (4) or fewer table bases. For orders including worksurfaces, there will be an additional $150 freight fee.
