Laminate materials

Worksurfaces are available in select Wilsonart® and Uniboard® laminate options. ESI worksurfaces are either Thermally Fused Laminates, High Pressure Laminates or Premium High Pressure Laminates. Please indicate laminate color choice by adding the 2-letter code at the end of the worksurface model number.

Thermally fused laminates (TFL) - quick ship and standard

Worksurfaces consist of a single printed decor paper fused directly by heat and pressure to the core material of MDF or particle board.

TFL benefits: cost efficient, consistent and uniform, water resistant, scratch resistant.

High pressure laminates (HPL) - standard and premium

Worksurfaces consist of a melamine treated printed decor paper fused to multiple sheets of kraft paper. Heat and pressure bond all the sheets together creating a flexible and durable piece of plastic type material which is then adhered to MDF or particle board.

Standard HPL benefits: durable, versatile, stylish, heat resistant, water resistant, scratch resistant, impact resistant, hygienic qualities.

Premium HPL benefits: Same as standard HPL, plus enhanced performance to durability and scratch resistance.

All register marks are property of their respective owners.

***ESI worksurfaces are specifically designed to work with ESI height adjustable table bases. If a different application is going to be used, please contact customer service for more details.**

Order changes include the addition/deletion of line items or changes in quantity or requested Ship Date or Ship To address. Order changes that result in a quantity reduction may be subject to an adjustment in pricing. Change or cancellation requests are not considered accepted until ESI provides a revised Sales Order Acknowledgment. Changes may result in processing delays or shipping delays. Under no circumstances will changes or cancellations be accepted on any special order, custom product, or worksurface order without the express written consent of ESI. All such custom and special orders are non-returnable.

Taxes

ESI is not responsible for the collection of sales tax on products sold to dealers. Dealers must provide Federal Taxpayer ID (Form W-9) and State Resale Certificate to establish an account with ESI. Dealers are responsible for any sales or use taxes assessed if dealer requests that ESI drop-ship direct to dealer's customer.

Shipping

48 hour shipping program

ESI offers 48 hour shipping on the majority of products. Unless otherwise requested, these products are shipped from multiple shipping points throughout the U.S., within two business days of receiving the PO, depending on quantity ordered and available inventory. Orders that include products with longer lead times including special orders, custom products, or worksurface orders, are designated as “LT” (lead time) and therefore not included in the 48 hour ship program. Large orders may also require additional lead time. Products designated as LT could take up to 90 days ARO for delivery. Call for on-hand availability.

Please note:

1. For the order to qualify for 48 hour shipping, all products on the PO must be available under the 48 hour shipping program.
2. POs that include LT designated products will be shipped based on the lead time of the LT designated products unless otherwise requested.
3. 48 hour orders will be shipped out within two business days unless otherwise specified on the PO.
4. Worksurfaces, Motific, Centro, and Railway may arrive on a date different than the other items on the order.

Damage/shortage claims

ESI packages products to reduce the risk of damage during shipment. ESI verifies order quantity and weight with the carrier before any shipments are made. When receiving an order, first confirm the quantity of cartons delivered with carrier’s quantity and inspect cartons for signs of damage. The customer must notify carrier of damages or shortages at the time of delivery, or claims will not be accepted. Do not sign for the shipment until it is verified. Signing a freight bill without any notation relieves the carrier of any responsibility and serves as your acknowledgment to ESI that shipment was received in full. Discrepancies or concealed damage found upon opening the shipment must be reported to ESI in writing within five business days of delivery or Customer waives right to submit a claim. Damaged products must not be removed from point of delivery and must remain in original packaging for inspection by the carrier. ESI is not responsible for damage or discrepancies occurring after delivery. ESI reserves the right to request a return of damaged or defective products.

Returns

Please have the original PO number or ESI order number available. Request for product returns must be made to ESI within 60 days of the date shipped.
