

PIXIE-LEDX DESKTOP LIGHT

Model PIXIE-LEDX-SLV

PIXIE-LEDX Rev A 4/17

SET-UP AND OPERATION

PLEASE REVIEW these instructions before beginning set-up and operation. Do not discard the packaging until satisfied that the product operates to your satisfaction.

Set-Up

1. Connect the DC adaptor to the cord from the lamp.

IMPORTANT: For proper operation, the jack on the adaptor must be securely inserted into the connector from the lamp.

2. Plug the DC adaptor into a standard 115V AC wall outlet.

Operation

3. Tap the switch to turn on the lamp to the desired intensity.

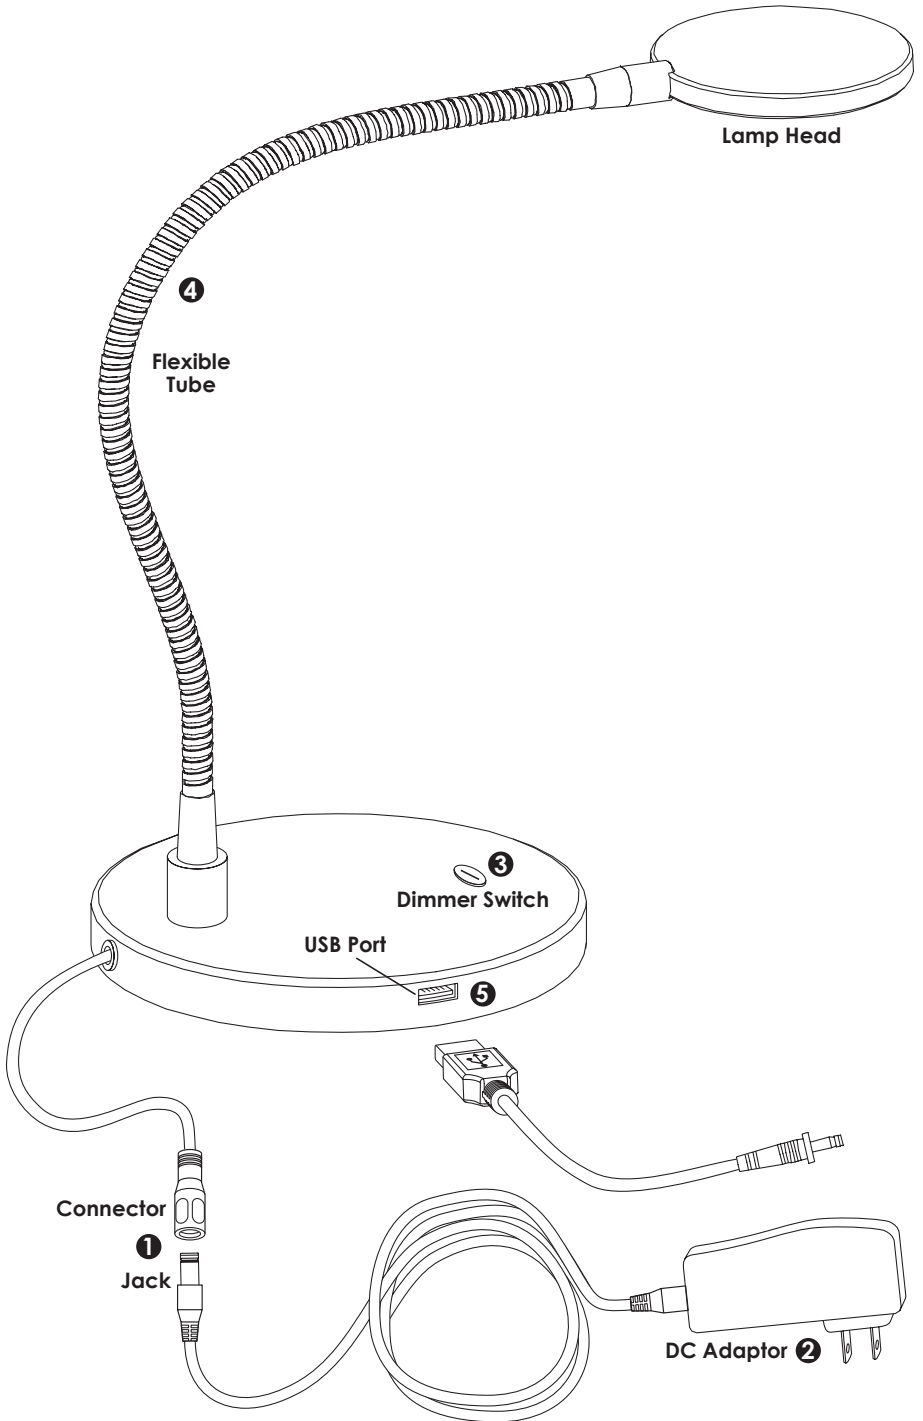

- Tap once for maximum light intensity.
- Tap again for 75% intensity.
- Tap again for 50% intensity.
- Tap again for 25% intensity.
- Tap again to turn off the lamp. (The lamp will turn off automatically after eight hours of use.)

4. Bend the flexible tube to direct the light as desired.

5. *Optional:* Use the USB port on the lamp base to recharge phones, tablets, and other devices.
